

**Beaded Moccasin Workshop for Adults (to learn to make a child size moccasin)
Mondays or Tuesdays from 5-7pm at the Church Hall
Space is limited
To sign up & for more information please call or text Lisa Nez 507-430-9927**

There will be 2 classes:

<u>Monday Night</u>	<u>Tuesday Night</u>
5/22	5/23
5/29	5/30
6/5	6/6
6/12	6/13
6/19	6/20
6/26	6/27
<i>if needed July 3rd, July 10th and July 17th</i>	

You are welcome to attend both nights to work on your projects; and this class will be taught at your own pace, I will expect you to do some of the work at home. If your goal is to have it done by pow-wow we can make that happen!

We will provide the materials. This project is funded through the Tribal Public Health Grant under Maternal and Child Health.

The moccasins will be made on brain tanned buckskin and beaded with size 11 seed beads with sinew.

We do ask if you have any of your own beading materials (needle nose pliers, scissors, rulers, lighter) if you can bring them along as supplies are limited.

This class is for adults, it is okay if you bring older children that are interested in learning- you can work on your project together.

Your welcome to bring your own snacks/drinks or some to share :) it's not required.

Thanks,
Lisa Nez
